...where excellence is more a norm than an exception

Himalayan WhiteHouse International College

Viewbook 2014
MESSAGE FROM THE CHIEF EXECUTIVE

Himalayan WhiteHouse International College has a tradition of opening up new avenues to potential students who are in quest of a brighter and more secured future. Whether you are a recent high school graduate, a Plus 2 student, an undergraduate, or an established professional, we invite you to join Himalayan WhiteHouse - a platform for exploring potentialities and opportunities for a life-time! Committed to imparting life-centered and time-tested education, Himalayan WhiteHouse is an abode of learning where learners delve into a variety of unique programs to realize their choicest goals.

Quality education offered by our College in a congenial educational milieu promotes learning to not only quench the thirst but also creates the thirst in the learners, who learn, recreate, reflect and develop their own careers. As a result of the unflagging services of qualified and experienced members of the faculty, excellence - be it in academics or extra-curricular or intramural activities - has become more a norm than an exception in WhiteHouse.

Our college graduates are well prepared for success in their chosen careers and for successful transfer to many institutions abroad with which the institution holds transfer articulation agreements. Also our college have partnerships with different organizations to enable students to gain meaningful work experience while they are in the campus and be ready for work after completion of studies.

At Himalayan WhiteHouse, we believe in exploring the ultimate potential of our students and are committed to helping them acquire the knowledge and skills they require to be successful in their chosen career. Education, at Himalayan WhiteHouse, means Gymnastics to the body and Music to the mind. Indeed, the College is a dynamic and exciting place to be, and we look forward to welcoming you to our community where the tireless striving stretches its arms towards perfection...

Thank you!

Himalayan WhiteHouse International College (HWH), established in 2001, is envisioned as a Center for Excellence in Science and Management education for Plus 2, four-year Bachelor programs in Liberal Arts & Sciences (BLAS) and Business Administration (BBA) at the undergraduate level that imparts quality education, inculcates professional skills and capabilities, and contributes significantly to the field of research and development.

The academic and professional programs of HWH are adapted to suit the local and global demand of aspiring professionals, employers, internal human resources and other valued stakeholders. HWH follows the latest approach to business leadership, entrepreneurship and management education for individuals who aspire to build enterprises on their own.

The regular classroom teaching is complemented by lectures, guided and unguided presentations, case studies, and project studies. In every case, wider participation of students is emphasized.

At the same time, it serves the nation by producing managers who can handle government and private organizations efficiently through its professional programs and it creates a balance among three major skill components in each subject like, Communication, Leadership and Analytical Skills.

Under the aegis of Himalayan WhiteHouse International College, the WhiteHouse Graduate School of Management (WHGSM) offers Masters of Business Administration, Executive MBA and CA Program at Trade Tower Nepal, Thapathali, Kathmandu.
PLUS 2 PROGRAMS

Celebrating its glorious 13th year of serving the nation, Himalayan WhiteHouse International College (HWH) is an established name for wholesome education in Nepal.

Himalayan WhiteHouse International College (HWH) offer Science & Management programs at Plus 2 (Grade XI & XII) providing a robust platform to those who aspire to build their career as future doctors, nurses, engineers, entrepreneurs, hoteliers, bankers, managers and above all for a better tomorrow.

Young minds opt HWH as their academic resort to be empowered with confidence, purpose, skills and knowledge to get recognized in academic milieu. HWH is a living dream of many a human mind which is supported with the stupendous efforts of loyal academic experts.

Entry Requirement
65% or above in SLC or equivalent examinations with Science, Maths, Optional Maths and English as major subjects.

Assessment
The program is composed of assessment involving practical work and terminal tests, Pre-Board exams conducted by HISSAN and Final Board examinations conducted by HSEB.
Being a WhiteHousian itself is a great achievement. Himalayan WhiteHouse does not need anything for its introduction. As it is one of the leading colleges in the valley, it has been providing great platform for the students to give their creativity for more than thirteen years now. For me, it has given the opportunity to explore my inner ability and develop my skills and personality. To be in WhiteHouse has given me the vision for the preparation of various challenges that I will have to face anywhere in future.

Manita Shrestha
Science, XII D4
CAREER PROSPECTS

Science stream is the gateway to various career options in Science and allied fields like; Medicine, Engineering, IT research etc. Science is a very popular and first choice stream in mainstream Nepali education. This is because of the high regard that Nepali society provides to the Science students and it's also partly because Science is considered to be the stream of very talented and brilliant students. Plus 2 science is divided into two streams - Physical and Biology Group.

Physical Group

Those students interested in shaping their careers as an Engineers, Technicians, Physicists, Mathematicians, Geologists etc can opt for this stream.

Biology Group

This is the gateway to the most popular career choice of global students - Medicine. Aspiring doctors, nurses, biotechnologists, paramedics or biologists can opt for this stream.

The advantage about Science stream is that a student can switch to any other stream - Management or Liberal Arts after completion of Plus 2.
I was introduced to this college by NCA (National Cricket Academy) as a scholar along with other 10 other members. But it was never a simple decision to make this college as my first choice among other institutions. However I believe now that I have made a correct decision stepping inside this institution. Being under the guidance of devoted and qualified teachers along with friendly staff I have realize my real potential to achieve big and had a never before experience to expose my talent.

Himalayan WhiteHouse International College, School of Management and Liberal Arts is an abode of learning where the success towards perfection and boundless excellence prevails.

Himalayan WhiteHouse International College, School of Management and Liberal Arts offers a vibrant and stimulating environment to further enhance your academic competence in Management and Liberal Arts in the undergraduate level. Our BBA and BLAS programs are designed to meet your entire academic needs to extend your knowledge and skills in pursuit of your career ambitions and further studies.
THINK NOW. THINK SMART. THINK AHEAD.

BIG DREAMS BOLD FUTURE
One of the best decisions I have ever made is joining Himalayan WhiteHouse. It has taught me to rise and shine and stand out in a crowd. The positive and cooperative environment is a blessing for the students.

If I had to describe this college in one word, I would describe it as a ‘platform’. A platform which develops leadership and confidence.

**Priti Gautam**
BBA Semester VI
The global trend of market need-based applied education has proven to be inevitable for every educational institution. However, Nepali educational institutions are yet to realize the benefits of a liberal educational environment at the global level.

Easy access to education worldwide has further enhanced the need for improvement at home so as to stimulate the trust of the new generation in the local and national educational institutions, especially in management education, operating within the nation.

School of Management and Liberal Arts sees ample room for achieving success by establishing and stimulating partnerships with the private sector so as to align the educational operations with that of emerging global trends. Higher education in management studies has emerged as one of today's key sectors for innovation, development and growth. Some of the indicators that demonstrate the opportunities in management education are:

- Global migration has proven that the education sector cannot operate successfully in isolation from the impact of globalization and deregulation
- Free access to global education systems by the institutions and graduates provides an added opportunity to upcoming educational institutions
- Global educational trends have been swiftly shifting towards a market-driven approach
- The service sector has been undergoing massive expansion, giving rise to a dramatic increase of global employment opportunities in the sector
- Every sector has been concentrating on improvement of overall operational processes through quality institutional governance
- Management education is seen as one of the most prominent tools to impact the above-mentioned opportunities
Himalayan WhiteHouse has many things that make it one of the best colleges such as flexible learning, interesting extracurricular activities, experienced teaching faculty and staff. I came to HWH to improve my knowledge and enhance my skills to prepare for a career in the corporate world. Not only did I find what I was looking for but I have built new relationships here with my friends and teachers at the college. This has made my study experience more enriching and memorable.

Nawal Kishor Badu
BBA Semester VIII
Business plays a vital role in the development of a country. Fast growing media and communications have made the world a smaller place. Commerce and industry have been growing leaps and bounds through e-commerce and e-business. A new liberal, open and competitive economy is the need of the era. To meet these challenges, skilled human resources with global vision are needed. The BBA program at WhiteHouse School of Management and Liberal Arts aims to do just that!

Bachelor in Business Administration (BBA) at WhiteHouse School of Management and Liberal Arts is a four-year, eight-semester program in Management studies. The total course weightage is 120 credit hours including two comprehensive project works. The program provides students with opportunities to develop their academic exposure in a number of specialization areas that include Financial Management, Marketing Management, Human Resource Management and International Business.

**Program Objectives**

- To produce a dynamic graduate, who keeps the knowledge of all areas and develops the ability to analyse national and international issues
- To develop mental flexibility through the practice of the critical thinking skills of analysis and synthesis
- To improve communication abilities through the development of reading, thinking, writing and speaking skills
- To learn how to integrate information, ideas and opinions from varieties of sources and multidisciplinary perspectives by studying cultures throughout the region and the world
- To deepen understanding and appreciation of other’s cultures and points of view
- To develop graduates by two-folds while on the one hand, attempt to make them ready for management career in any organization, provide them with adequate theoretical exposure to prepare them for advanced studies in any area of management on the other hand

**Aims of the Program:**

The BBA program at WhiteHouse School of Management and Liberal Arts aims to develop leadership skills, creativity and entrepreneurship in the students to prepare them for:

- The future challenges of business
- Develop leadership skills, creativity and entrepreneurship
- Careers in the public and private sectors
- Studies in advanced management programs
I chose Himalayan WhiteHouse because the course appealed to me. It is the only institution offering a diverse and interesting course. The supportive learning environment and high repute of the college also helped me to make my choice.

Aayusha Katuwal
BLAS Semester I
## BBA COURSE CYCLE

### Semester I (15 Credits)

2. International Finance
3. Export Promotion Management
4. Forex Management
5. Cross-cultural Negotiations
6. Foreign Language (Any one of THE UN Language)
Himalayan WhiteHouse for me has been both a laboratory and a ramp. A laboratory where I get a chance to research and discover and a ramp where I can display my knowledge and strengths. Theoretical learning is useless unless we put it into practice which we learn through practical class lectures and industrial visits.

I thank the college for giving me confidence, identity, good friends, positivity and attitude.

Asthha Shrestha
BBA Semester VI
Bachelor in Liberal Arts and Sciences (BLAS) is a four-year (eight-semester) 120 credit hours undergraduate program with a multidisciplinary curriculum. Courses have been selected from various key areas and rest of the general courses enhance the five different core areas. A liberal arts education is appropriate for a broad range of careers in addition to being a precursor to programs at Master and Doctorate levels or professional degrees.

The BLAS program aims to develop students into socially responsive professionals capable of handling problems and challenges facing contemporary society. The program aims at developing socialized professionals capable of taking modern challenges in the world of media and development.

The course has been designed in such a manner that students can pursue higher level studies in Economics, Management, Political Science, Sociology, History, English Literature, Human Rights, Culture, Mass Communication, Conflict Management & Peace, and Psychology. Specific objectives of the program are:

- To develop students' mental flexibility through the practice of skills in critical thinking, analysis and synthesis
- To enhance students' communication abilities through the development of reading, thinking, writing and speaking
- To inculcate analytical abilities of students in integrating information, ideas and opinions from a variety of sources and multidisciplinary perspectives
- To develop regional and global perspectives through a study of cultures, languages, societies, economies and political systems
- To develop specialized human resources capable of taking challenges and utilizing opportunities in the fields of media and development

**Core Areas**
1. English Literature and Language
2. Development Studies
3. Sociology/Anthropology
4. Economics
5. Journalism and Mass Communication

**Career Prospects**
Liberal Arts graduates can join the workforce as managers and leaders with valuable marketable attributes and skills. BLAS graduate may join a private corporation, work as a media professional, engage in policy development, public administration, human resource management, marketing and events management, work within the social welfare sector or pursue a career in academics. Opportunities in tourism, diplomatic missions, INGOS, financial institutions, research and other areas are suitable for BLAS graduates.
The reason I was attracted to Himalayan WhiteHouse was its education, management and repute. I opted for this college to develop my performance in extra curricular activities and take part in sports, along with my studies. I always get encouraged by the college management to succeed in sports and studies.

**Bhawana Lama**
BBA Semester IV

14. Conflict Management and Peace
15. Social Work
16. Nepalese Society and Culture
17. Civil Society
18. Foreign Language
19. Project Work
20. Contemporary Politics

Program Objective

The BLAS program aims to develop students into socially responsive professionals capable of handling problems and challenges facing the contemporary society. The program aims at developing socialized professionals capable of taking modern challenges in the world of media and development.

The course has been designed in such a manner that students can pursue higher level studies in Economics, Management, Political Science, Sociology, History, English Literature, Human Rights, Culture, Mass Communication, Conflict Management & Peace, and Psychology. Specific objectives of the program are:

- To develop students' mental flexibility through the practice of the skills in critical thinking, analysis and synthesis
- To enhance students' communication abilities through the development of reading, thinking, writing and speaking
- To inculcate analytical abilities of students in integrating information, ideas and opinions from a variety of sources and multidisciplinary perspectives
- To develop regional and global perspectives through a study of cultures, languages, societies, economies and political systems
- To develop specialized human resources capable of taking challenges and utilizing opportunities in the fields of media and development

Admission Criteria

New admission in BBA & BLAS programs is offered in July/August every year. To apply for any of these programs, a student must have passed through a minimum of 12 years of formal education with a Plus two or equivalent degree with a minimum of 45% or 2.00 CGPA. In addition to this, promising graduates should be ready to be full-time students for the next four years. Consent from respective parents/guardians is required before proceeding for the admission procedure of students at WhiteHouse.

WhiteHouse has its own standardized testing system for new admissions in BBA program. WhiteHouse Graduate Admission Test (WGAT) is conducted as a written assessment followed by group discussions and interviews as an integral requirement for admission.

Assessment and Grading System

Himalayan WhiteHouse follows Purbanchal University’s assessment and grading system to measure the performance of each graduate. The total assessment system has been divided into two parts, viz. In-semester Assessments and Semester-end Assessments. The contribution of In-semester and Semester-end Assessments in the aggregate evaluation is in the ratio of 30:70 by weightage. The In-semester Assessments are administered and controlled by the college. Semester-end Assessments are administrated and controlled by the University.

Purbanchal University adopts the Absolute Grade Point System. Following is the grading mechanism of the graduates’ performance:

<table>
<thead>
<tr>
<th>Marks</th>
<th>Grade</th>
<th>Grade Point</th>

LIFE BEYOND CLASSROOMS
Himalayan Club de Scientia

With the theme "We explore to learn" the Himalayan Club de Scientia (HICSCI) is a science club devoted towards full fledged science awareness programs. The club started as a result of a long-felt need of a student body actively involved in creating a credible platform for the creative students to showcase their talents. As intra organizational communication is a must, the club conducts board meetings and general meetings on a regular basis. HICSCI envision a situation in which creative people get an opportunity to materialize their idea, work in group to share and contribute logical finding and create new application for making our daily lives convenient.

Young Managers' Club

This club was formed by the Plus 2 student of management stream to get acquainted with the future managers' responsibilities. The club organizes various talk programs and seminars in the field of management and leadership.

Industrial Exposure

HWH organizes regular industrial visits for all students as part of their industry exposure. As part of the curriculum of Plus 2 programs at HWH, these visits give students first hand exposure to the actual working process of various industries. Apart from other tools of learning, one way of learning business is by action and participation in research.

Extra-curricular Activities

The college offers various extra-curricular activities to give students the opportunity to pursue and develop their individual interests above and beyond the regular classroom activities. Activities like debates, elocutions, quizzes, literary competitions etc. are offered for students to explore their potential. Furthermore, students can be part of different clubs such as Himalayan Club de Scientia, Pre-medical Club, Physics Olympiad Club, Pre-engineering Club or Young Managers' Club. The college has always been a pioneer in taking an initiative in upgrading the status of sport in the nation. It has maintained a rich tradition of holding various sport events at both intra and intercollegiate levels. The college has enough facilities for students to practice different sports and other extra curricular activities.

Other Clubs

There are various clubs run by students which are functioning to provide platforms for future doctors, engineers and artists to develop their skills and grow interest in the respective areas of Science and Arts.
Himalayan WhiteHouse is a leading college in sports apart from academic breakthroughs. To help students stay focused on health and fitness while not studying, the Department of Sports organizes various sporting competitions and tournaments both within and outside campus. By participating in these tournaments our students have repeatedly set new records and achievements at national and international levels, of which our department is very proud.

The recent partnership with Kathmandu Cricket Training Centre (KCTC), Sanepa and HWH is a new breakthrough to help our students to make their career in cricket. As per the agreement, the college provides scholarships to the trainee cricketers at KCTC, while KCTC will provide various trainings and logistic support to HWH students.

The Department of Sports believes that students' participation in athletics has positive effects on college performance and adolescent development, fosters success later in life and promotes physical development and fitness.
Library

The library plays a pivotal role in all academic institutions. It is an integrated knowledge resource center with over 20,000 books, reference materials, periodicals covering all aspects of academic studies and research work which are carefully selected from a number of national and international professional bunch of materials. The library is maintained by a team of qualified and experienced staff who provide full assistance to the students and also help them to find the information through a vast collection of reading materials.

- General Readings
- Inhouse Journals
- Magazines
- Suggested Readings

Auditorium

Himalayan WhiteHouse has an auditorium equipped with the latest audio visual facilities for guest lectures, seminars, presentations, movies, cultural programs and other academic activities.

Laboratory

The college has very well-equipped laboratories for Physics, Chemistry, Botany, Zoology, Training Kitchen and Restaurant which are supervised by competent lab assistants and instructors.

Canteen

Light snacks and beverages are offered in the canteen. Quality, hygienic and homely food is ensured to the students and employees on reasonable rates.

Transportation

A fleet of comfortable vans and buses are operated in the major routes.

Route - I: Kupondol - Pulchowk - Jawalakhel - Lagankhel - Satdobato - Maha Laxmisthan - Ekantakuna

Route - II: Kaushaltar - Naya Thimi - Suryavinayak - Jagati - Kamalvinayak - Siddhapokhari - Purano Thimi - Pepsicola

IT Center

- IT Center is a fully networked, air conditioned area providing Wi-Fi connectivity to entire campus.
- The lab has full power backup facility.
- Wi-fi enabled campus to keep students and faculty up to date with the latest news and events of the institute.
- We continuously upgrade our infrastructure as per the changes in technology.
ACCOMODATION

Himalayan WhiteHouse caters to a sizeable population of wards. The rooms are well ventilated and fitted with wall-to-wall carpets. Clean and tidy hostel kitchen provides hygienic food & snacks to hostellers. A round the clock power supply is ensured by generator. Separate hostels are available for boys and girls at a stone’s throw distance from the college.
